Mrs. E. Manley

Aug 21-1941

Dear Mrs Manley

I had the girl mail you a contract which I hope was O.K. M. White offered me same terms as we were getting but talked as though he might raise the ante if we had a nice crowd. We have met with rain in the West. It looks like you might be in play off. We have been messed up so much in these play offs and proposed World series that I am not paying any attention to them. I am still booking games expect to play until Oct 1st. If you want some of your players to have some work after this game I might use a few.

J. H. T.
